

## [Student Award Web Page]

### **10<sup>th</sup> Annual Symposium on New Generation Operational Environmental Satellite Systems**

The planning committee is proud to award Best Student Presentations Prizes to recognize the outstanding contributions from both undergraduate and graduate students. These awards (first, second, and third place for both oral and poster venues) are based on an evaluation of the submitted written paper and corresponding oral or poster presentation. Contenders for the award will have to:

- 1) Be a Full-time undergraduate or graduate student enrolled at a University
- 2) Be the Lead author, presenting the work
- 3) Submit an extended abstract
- 4) Indicate on their abstract submission that they wish to be considered for best student paper prize.
